YOU CAN MAKE IT HAPPEN

It’s time to QUIT

Tips:
- Drink water—with crushed ice if possible
- Deep Breathe - Take a deep breath, hold for two seconds, then let it out
- Delay the urge to smoke - put it off for a few minutes
- Do something else - try a different activity
- Keep a diary of how much and where you smoke
- Get support from friends, family and/or professionals
- Make your home and car smoke-free

Facts:
- Smoking takes up a lot of your time. For people who smoke a pack a day, you will spend 4 hours a day smoking*. That is 60 days every year.
- For people who smoke a pack a day, they will spend over $1100** for contraband tobacco (clear bags) and $4160*** for premium brands cigarettes each year.
- Cigarette butts are the most common type of litter.
- Many people are ashamed to smoke, mostly around children or other people who do not smoke.
- Tobacco companies use sneaky advertising that leads people to smoke.
- Second-hand smoke is harmful: Children who breathe in second-hand smoke have a greater chance of dying of Sudden Infant Death Syndrome (SIDS) or having colds, ear infections, asthma, pneumonia, and bronchitis.
- Tobacco kills three times more Canadians each year than alcohol, AIDS, illegal drugs, car accidents, suicide, and murder all combined.

Changes after quitting
- 20 minutes - your pulse and blood pressure return to normal
- 8 hours - carbon monoxide levels in your blood drop
- 24 hours - your chance of having a heart attack drops
- 72 hours - you can smell and taste things better and breathing becomes easier
- 2 weeks - your circulation improves; walking becomes easier
- 1 year - you’ve cut your risk of heart disease in half

*based on 10 min/smoker, **based on $20/week, ***based on $80/week. Adapted from materials from the Canadian Cancer Society (CCS), Centre of Addiction and Mental Health (CAMH), the Government of Ontario, and the Canadian Council for Tobacco Control.

## Quit Smoking Plan

**Understand why you smoke.**

- Why I smoke (Benefits):
  - Social
  - Boredom

**List your concerns about quitting.**

- My concerns are:
  - Withdrawal
  - Nerves
  - Other

**Make a commitment to quit.**

Be positive.

When things seem tough remind yourself often why you want to quit.

The most important reasons to quit are:

- Health
- Stigma/shame
- Relationships
- Harming others with 2nd hand smoke
- Other

**Break other habits.**

Become aware of your triggers.

- My triggers are:
  - Waking up
  - People who are smoking
  - Certain activities (i.e. on the phone)
  - Coffee
  - Stress
  - Other

**Do a test run.**

Start by taking small steps.

- How I will deal with triggers:
  - Make home smoke-free
  - Avoid settings with smoking
  - Change my routines
  - Drink cold water as an alternative

- My goal for now is: ______________________

**Set a quit date.**

Tell your friends and family quitting is important to you and that you need their support and help.

- My quit date is: ______________________

Who can help and support you?

**Consider quit smoking medications:**

- Nicotine gum, patch, lozenges, inhaler
- Zyban
- Champix
